

Operation Rolling Thunder History

Excerpts from WMI's old Website – 2010

2010 - The Testimony Continues - this is only a sample of the kinds of reports that are created as God's people mobilize to pray and form their Transformation Task Force Councils - [Click who is involved in your city:](#)

ORT Reports in Washington State - Pastor Jake Dragseth reports 100's of hours of prayer mobilized at his church in PT Townsend with about 1/2 the churches in his county cooperating together. Linda lasella from Yakima reports 14 days a month covered with 24/7 and 91 churches agreed to work together with a Luis Palau outreach. Whatcom County has 31 churches with each taking one day per month in their county. Pastor Jason is in Herenhutt Germany right now, the place where the Moravian's hosted their 100 year prayer gathering along with another CONECTer, Jenny McCoy from Tukwilla. King County has all the days of ORT Phase I covered with Presbyterian, Catholic, Episcopalian, and non-denominational churches working together

May 9 report - CONECTer Hellen Philips - Thunderstorms occurred simultaneously with the Kick Off of ORT in Trenton, New Jersey. Says the thunder sounded like words.

Connecticut State CONECTer reports -

The people of the State of CT made history this year for the National Day of Prayer. This was the first year that every town in CT(169 Towns) had a prayer event on the National Day of Prayer - 100% coverage and some towns had multiple events! I believe that the 2-3 weeks each month of prayer during the year through ORT has had an impact. I knew you would want to know this as you have been a State Coordinator for NDP in the past.

Rev. Sheila Kimball - CT State Coordinator - NDP & ORT

2010 - Results of ORT in WA ST - May 18, 2010 - OLYMPIA Reports- Washington's unemployment rate fell in April for the first time in more than three years, backed by an increase of 5,800 jobs.

The rate went from 9.5 percent in March to 9.2 percent in April. The last time the unemployment rate declined was March 2007, when the rate moved from 4.5 percent to 4.4 percent, a record low in Washington. Since then, the rate has stayed the same or increased for 36 straight months, per: <http://www.esd.wa.gov/newsandinformation/releases/washington-jobless-rate-falls-first-time-in-three-years-10-023.php>

This target was developed by Business Leades during our Breakout Sessions for the State Transformation Task Force in March. This was one of the targets identified in the Prayer and Action Strategies below. These strategies work as long as they are applied. Way to go WA ST!

April 7 - Kansas ST CONECTer Donna Lippoldt reports in Family Policy Council newsletter - Answers to Prayer :

Barry Feaker, exec. Dir. of the Union Rescue Mission in Topeka, says, "Since ORT they have served a half million people served and have done this on \$15,000. He has been questioned about how in the world he has done this. People who have never been interested in spiritual life before, are turning toward the Lord. There is an enthusiasm for Topeka. There is more cooperation in the city for transformation." (Tim's note: do you remember the testimonies that have come out of Topeka since ORT was launched in 2009? Besides crime decreasing they've also seen an economic blessing (review Deuteronomy 28), "The Mayor changed the name of Topeka to Google for the month of March. Google is considering bringing a new fiber optics to Topeka. "

March 19 - Myanmar National CONECTer reports - (information withheld to protect people) We have finished our ORT program at xxxxx, xxxx State. All the participants are 300 and we baptized 30

members, 7 received the gift of tongue speaking, 3 of them are seeing heavenly vision, 4 persons were healed. Praise the Lord. We scheduled another ORT & Conference at Hrxxxx xxxxxx, xxxx state on 12th to 18th of April. There I hope we will more more in numbers, guess about 500. (over 12 denominations represented)

March 13 - Whatcom County CONECTer Pastor Jason Hubbard reports - Our region has seven *Planned Parenthood* offices- 5 counties; Last summer Everett was the only office that lost their Planned Parenthood nurse, now, Bellingham and Skagit are the only ones left. One reason for the losing of nurses is funding. Both the State and Planned Parenthood have not written a statement; so no official reason.

March 10 - Report from Kenyan CONECTer Pastor John - I give God all the Glory for the work He is doing here in Kisii Kenya, we see the move of God's power through Operation Rolling Thunder prayers. The Lord has helped me and I have mobilized Operation Rolling Thunder prayers in three cities around my city where our church is and our prayer centre. Six churches from different denominations has joined our network

March 5 - Liberian CONECTer Rev. Shipper reports - After reading testimonies about positive changes God brought to many nations around the world including the United States, I bought your vision and immediately and begin to share it with other pastors and church leaders verbally, slowly, but sure. On April 7,8 and 9 2010, I will for the first time publicly cast the vision of Operation Rolling Thunder with over 300 pastors and church leaders in the city of Buchanan, the second largest seaport city here in Liberia

March 2 - Report from Kansas ST CONECTer - This week I received an e-mail about prayer in North Central Kansas. I was so encouraged. There are 9 counties that are praying 12/7. They are getting organized to cover their area of the state. Operation Rolling Thunder is spreading in the Northwest to 12 counties. Many Pastors are leading their churches in prayer. One Pastor in Wichita has been holding prayer at 6 a.m. and 6 p.m. at his church for weeks. A young man in Wichita has been meeting each Wednesday at noon for over 10 years to pray for the city. Others have come together to do 1 day a month of 24 hours of prayer and worship. I am getting these reports from all over the state of Kansas.

Feb 17 USA Today Article - United States' drought has 'extraordinary' reversal [click here](#) ... in the most dramatic turnaround since federal scientists began keeping records.... More than 92% of the country is drought-free At the worst of the USA's most recent drought - in August 2007 - almost 50% of the country was involved. Currently, about 7% of the country is in a drought, according to federal scientists. In 2007 ORT began to go beyond the borders of Washington and by 2009 it reached the east coast. Coincidence or a sign and wonder? I have no doubt! What is the byproduct of a thunderstorm? Rain! Thunderstorms were one of the first signs God gave when ORT was launched in 2005. Rain is one of the signs of blessing in Deuteronomy 28. It is a way for God to encourage His people to continue to pray and seek His face corporately 24/7 city by city.

Feb 16 - Machakos Kenya launches Newest Prayer Center - Pastor Thomas our National CONECTer worked with local church Pastor Anthony Hassan and just opened up the newest prayer center in the 13th city in Kenya participating in ORT.

Feb 8, 2010 Whatcom County WA CONECTer reports - abortions down and they have a record number of adoptions took place in 2009.

Jan 27, 2010 breaking report - Decreasing Crime Reported due to 24/7 Prayer - I received two reports today. One from our Pastor Troy Green of Northwest Life Center in Elma, Grays Harbor County

WA, and Kansas state CONECTer Donna Lippoldt for the Family Policy Council. Pastor Troy reports that he just read in the newspaper that felonies have gone down dramatically in Grays Harbor. They dropped from 721 in 2005 to 557 in 2009. The Manhattan newspaper reported that crime in Riley County KS was down 8%. Two different counties, to different states, report similar results on the same day. *What is the common denominator? The both used Operation Rolling Thunder to help them mobilize and connect the body of Christ.*

2009 - 7500+ days of 24/7 in 108 cities in 24 nations

[Click here](#) for 2009 highlights. This year we saw a dramatic increase as the signs, wonders and results that have followed our ministry have now begun to manifest through our CONECTers in their respective areas. Thirteen state leaders from the National Day of Prayer were trained and some saw incredible results. For example, Kansas mobilized 16 cities of which 9 continued throughout the year with over 250 churches cooperating 24/7/365. They saw the property crime in Topeka decline by 15.4%, a premier abortion clinic closed in Wichita, as well as a drought broken in their state, thunderstorms marking the kick off of ORT, great amount of rainbows reported on the news and much more. Kenya reports similar occurrences along with increased salvations and healings. Remarkable unity is a common report. Pakistan now has 5 city prayer centers and 127 CONECTers. We saw 3 churches planted directly related to the first 5 city prayer centers that were birthed in 2008. Myanmar reports remarkable numbers of salvations, water baptisms, healings and unity too. The reports are overwhelming. As God's people apply the simple powerful strategy they are getting amazing results that point to measurable results that point to transformation.

WMI's Annual Report 2009 - At this time last year I reported that through ORT we had reached and mobilized 12 cities in three countries and a Church plant resulted in a prison in Pakistan making Pakistani history. There were over 2300+ days of 24/7 committed to. One year later I'd like to report that ORT has gone to over 108 cities in 24 nations. [Click here to download your PDF e-newsletter](#)

Operation Rolling Thunder ORT - December 6, 2009 Update

Praying Globally and Connecting Locally - One Church taking One Day - Cooperating together we can establish 24/7/365 quickly in a city. So far we have more than TRIPLED 2008. Our goal is enough churches taking 1 day per month to mobilize 10,000 days of 24/7 throughout this year.

Running Totals

Transformation Task Force (7 strategic councils) - 22+ CONECTers - 212+ Days of 24/7 prayer - 8000 + Cities, towns of villages - 108 + States -13 Nations -24

2008 - 2302+ Days of 24/7 Prayer with prayer centers launched in 5 cities.

[Click here](#) for 2008 highlights. ORT was marked this year by more signs and wonders as well as crime in every major city in Washington went down. These are measurable results due to concentrated massed

the Harness Momentum
Operation Rolling Thunder

OPERATION ROLLING THUNDER
Connects National Day of Prayer with Global Day of Prayer through a simple yet powerful 24/7 prayer strategy that gathers the leaders from all 7 spheres of society.

TRANSFORM A CITY
Turn important prayer events into a long-term campaign to transform a city

WILL ESTABLISH:

- 24/7/365 prayer in a city
- Transformation Task Force
- Kingdom unity

MEASURABLE RESULTS
that point to transformation such as:

- Remarkable church growth
- Decreasing crime
- Positive economic impact
