

The Second Sign of the ARC – Time to Change Wineskins

July 2, 2011 • By Tim Taylor

On August 6th 2008 I had a dramatic encounter with the Lord where he used the sign of two mating hummingbirds to mark the plans that He had given me that day regarding the ARC (Apostolic Resource Center). I've documented that encounter with the Lord in a book, *The ARC Manifesto*, and in an article I reproduced today from our old Watchman Ministries website called "The Sign of the ARC."

In 2008 we began to prepare to launch an ARC in 2009 using the pattern, the plans that God had given me on August 6th. Just prior to the actual launch John Kelly, an apostle, founder of the International Coalition of Apostles advised me that this was to soon. He encouraged me to travel and speak more and to continue overseeing Operation Rolling Thunder (ORT). During this time we've seen 13 city prayer centers, five churches and one healing center birthed through CONECTers who have used ORT to mobilize their people and invite God's continual presence in their respective regions. The last prayer center and the healing center were established in Lahore Pakistan. The supernatural signs that have marked ORT from day one have continued and now follow other CONECTers who carry the same message and use the same strategy. All glory and praise be unto our Lord Jesus Christ for it is His word, His plan, and implemented for His glory.

In November 2010 the Lord began speaking to me about the need to build a new wineskin. A wineskin founded on and distributing kingdom truths. I perceived this would mean a change for Watchman Ministries International. We just entered our 19th year of ministry and last few years have been some of the most fruitful. Yet, it is time for a change. This change that we are entering into is not a change in purpose so much as it is an expansion, a more mature kingdom expression of the assignment God has given us. Watchman Ministries International (WMI) is growing; it is morphing into a Kingdom League International.

Morphing means to "transform." We are living the message we've preached regarding transformation and we are doing this at the direction of our Lord, for His purpose, for His Church, our nation, His glory and our destiny. The Lord showed me things about how to prepare the Church and our ministry for what is coming upon our nation and this world.

We've already set this ministry transformation in motion and I was looking for wisdom as to when to begin to share about this change with you. This morning, July 2, 2011, for the first time since August 6, 2008, I saw the ruby throated hummingbird and its mate in our backyard. The ruby throated hummingbird came and rested in our hazel nut tree.

I know it's time to begin to share with you about the changes WMI will be making over the next months as we move into 2012 in which we'll morph into a Kingdom League International (KLI). KLI is a new wineskin and a fuller expression of the vision God gave us in WMI.
