Developing
Apostolic Strategy
(CDR, Tim Taylor LPHM, Inc)

Hi Tim,

This has been a challenging yet marvelous time over the last two months. Where there is great challenge, there is the possibility of great victory.

I am happy to report about several challenges with which we've seen great victory. It includes a testimony of healing for my Mom who experienced a stroke, a strip club owner arrested in Oregon and the 13th prayer center birthed that is also a healing center. That was a first and the fact that it is in Pakistan makes it even more remarkable.

Thank you Jesus, to you belong all the honor and glory.

This also marks a season of change for us.

This is our 19th year of ministry and God wants to add to the vision and assignment He has given. Over the next 6 months I'm going to share with you the things the Lord has been showing me. I am very excited and I am sure you will be to. It is AWESOME what He has shown me and I have much more confidence in that, than the fruit that I continue to share from the CONECT and ORT strategy God gave us to steward some years ago.

Testimonies of How the Light of our Lord Shined in Darkness

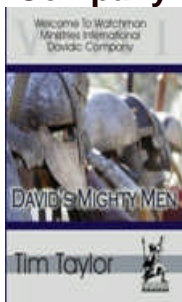

The Coming Kingdom League

The Lord has been speaking to us about a kingdom league; a league of ministers, churches and saints passionate about demonstrating a presentation of the gospel of the kingdom in power and glory in every sphere of society. Our founding fathers and the Church arose to the crisis of their day to serve their generation. It is time for us to serve ours. It is time to build upon their legacy and expand the role of the Church in a city and turn them into strategic (apostolic) resource centers.

In the coming months I'll share a lot more of what the Lord has been speaking to me over the last five years. I'm am very excited. Know that we are not changing direction; we are simply building upon all that Christ has done through us so far. Watchman Ministries International, is in a metamorphosis

Stroke verses the Word of God

My mother had a stroke on April 18th. Her ability to communicate was greatly affected. She needed assistance 24/7 because she could not communicate at all. When I arrived on May 31st she could speak a few words and that, not consistently. She could barely write the alphabet and she could not dial phone numbers. We meditated on God's word every morning starting June 3rd and by the time I left on June 14th she'd begun to speak in sentences, she could dial a phone and she'd [click here for the rest of the testimony and the scriptures we used.](#)

Prayer Leads to the Arrest of a Strip Club Owner

Talk about transforming a certain area of town! Human trafficking, lust and the exploitation of women were targeted as the light shined in darkness. [Click here to see Pastor Ed's testimony from Milwaukie OR](#) as to how they affected an area of their city during their 24/7 watch during ORT.

Lahore Pakistan - 13th Prayer Center Launched

Pastor Shahbaz, our National CONECTer in Pakistan reported The 1st combined prayer and healing center was launched in Lahore Pakistan last month. This marks the 13th prayer center that has been established through ORT (around the world) since May 2008 and the 1st healing center. [Click here for the whole story.](#)

process similar to the process that a caterpillar goes through as it becomes a butterfly. Remember the cry of the reformation, ***the church reformed and always reforming.*** Well, that's my cry and the process God is taking us through. God is adding to all that He's done through us so I'm looking forward to unfolding all the marvelous things He has shown that He intends to do that I believe will be a blessing to you.

The New Breed of Leaders

The characteristics of great leaders are timeless. We can learn about the kind of leaders God is raising up today by looking back at those great leaders who played such an important role in the founding of this nation. God is raising up a new breed of leaders who demonstrate the character and values of yesteryear.

It seems as if the courage that once thundered from the pulpits of the Church in this nation has[Click here for the rest of the New Breed of Leaders.](#)
